Co-operative Effort Will Put  
Party Ahead Next Fall,  
Fields Says

Special to The World.

OKLAHOMA CITY, Aug. 12.—A state-wide republican meeting will be held in Oklahoma City on August 26 or 28, for the purpose of promulgating a state platform, according to a decision reached today at a meeting of the executive committee. The exact date was left to be given out later. It is expected that the meeting will be the largest political convention ever held in the state, since representation for the counties was fixed at one delegate for each 100 votes cast for Senator J. W. Hareld in 1920.

This provides for about 2,500 delegates. The call will be issued within two or three days, and will invite citizens of all past political affiliations to participate in the meetings.

As to whether the delegates shall be chosen by county mass meetings or by delegates elected at precinct meetings is to be determined by the chairman of each county committee. Prior to the meeting of the executive committee a number of nominees for state office were heard on the subject of calling a convention. Among those who spoke were John Fields, candidate for governor; Horace J. Newberry, candidate for secretary of state; Irving Page, candidate for state treasurer; Tom Andrews, candidate for attorney-general; congressman Pringle of the Fourth district; congressman Gensman of the Sixth district; E. D. Oldfield, candidate for supreme court justice; Vice Chairman Mrs. Pearson and Justice Miller. The candidates were generally agreed that a state meeting should be held, and so recommended to the executive committee.

National Committeeman Jim Harris occupied a seat beside Chairman Alexander, and expressed to the committee his firm belief that John Fields will be elected governor. Fourteen of the 18 members of the committee were in attendance, in addition to which about 100 interested republicans were present, including all the successful candidates on the state ticket except two who were unavoidably absent.

John Fields was greeted with enthusiasm when he arose to speak, and addressed himself briefly to the necessity for co-operative effort.

The meeting was held in the new state headquarters, where preparations have been made to handle a vigorous campaign.

## Annual Elks Frolic On Munroe Neel Farm Is Big Event Today

Events of interest calendared for Sunday include the annual picnic of the Elks, for several years a jolly event among members of the lodge. The picnic will be held this year at Munroe Neel's beautiful ranch near Fisher, on the Keystone paved highway. Games, contests and plenty of good things to eat will be the main attraction. American flags at appropriate points will guide the motorists to the grounds. Elks who have extra rooms in their cars are asked to call at the Elks club at Third and Boulder between 2 and 3 o'clock and assist Brother Elks who have no transportation of the grounds.

## SUCCEEDS IN HER DESIRE TO DIE

Marie Spencer Succumbs  
to Poison Week After  
She Took It

Marie Spencer, aged 23, 156 North Rosedale, who a week ago took poison with suicidal intent, died at 3:45 o'clock Saturday afternoon at the Oklahoma hospital, where her life has hung by a thread since last Saturday evening. She was in a condition of semi-consciousness at the time of her death, which has been her condition for the past several days, and, according to hospital attendants, has never referred to matters relating to her act except when questioned, when she reiterated the statements included in her diary, in which she gave as the cause for her desire to die, her domestic unhappiness as the mistress of Walter Buchanan, who she said, had threatened her life, beaten her, destroyed her clothes and killed her for another woman.

The girl to whom death grudgingly gave release from the life she found unbearable welcomed death at its approach, according to hospital attendants and never once, while at the hospital, expressed regret for her act. She was never heard, they say, to make any statement contradictory to her diary. The man Buchanan, whose cruelty she charged with being responsible for her act, visited her only once at the hospital, attendants say, and then at her request, only strangers were at her bedside at the time of her death, they say. The body was removed to the McWhay undertaking parlors where, it is understood, funeral services will be held Sunday.

WASHINGTON, Aug. 12.—The Hughes-Underwood Row Continues, controversy between Secretary of State Hughes and Senator Oscar Underwood, democrat of Alabama, over the settling of American war claims against Germany, advanced another step today when Underwood demanded immediate action on his bill to create an all-American claims commission.

KEEPING POSTED ON PROBE Automobile Club Advised as to Progress of Gasoline Investigation. The Automobile club of Oklahoma, together with all affiliated clubs of the National Motorists association, is being kept advised as to the progress of the investigation into the gasoline situation generally now being conducted by the subcommittee of the senate committee on manufactures.

According to the report from the National Motorists association, the first few days of the hearing were spent in getting a bird's-eye view of the situation from the standpoint of the first witness, R. L. Welch, representing the American Petroleum Institute. Outstanding points in Welch's testimony were that from the fall of 1920 to date the refiners of the United States taken as a whole produced gasoline and other petroleum products at a loss, due to the fact that it is necessary in producing one barrel of gasoline to produce about four barrels of crude and by-products, fuel oil being the principle one of the latter and sold at all seasons at prices below even the cost of crude at the wells.

## CURB MARKET GREAT SUCCESS

Both Supply and Patronage Encouraging at Its Opening

Peaches with rosy cheeks, ripened tomatoes, tempting-looking watermelons, freshly gathered lima beans and string beans, gleaming muskmelons, soft-grained ears of corn—all these and other delicious fruits and vegetables in delightfully fresh conditions Tulsa housewives found when they made their first visits late last week to the newly opened curb market at Second and Main. The healthy soundness of the produce and its dewy freshness were generally commented upon by womenfolk.

The curb market was well patron-

ized during the first days of its career last week and will have the supplies to care for still larger patronage this week. The fruit and truck growers association at a meeting Saturday evening in the county farm demonstrator's office made arrangements for closer co-operation in assembling produce at the market. West Tulsa now has its curb market, a location at the intersection of Francis and Quannah having been secured by F. A. Fuller, a West Tulsa business man interested in backing the project.

Members of the special Chamber of Commerce committee backing this project urge that the buying public give it the fullest co-operation. They point out that to patronize "home industry" in this manner benefits the Tulsa public by giving them fresh produce in the freshest possible condition, encourages fruit and vegetable growing in this vicinity and so aids in making the county more valuable agriculturally, tends to reduce the price of foodstuffs, keeps in Tulsa the large sums now being spent to ship perishable food-

stuffs in here. They call attention to the particular value of a curb market at the ending season of the year and also to the importance which a fruit and vegetable diet has physically in the summer season.

Hanged Man Died of Heart Failure.  
CHICAGO, Aug. 12.—"Heart failure" was the verdict of the coroner's physician when the body of an unidentified man was found hanging today with a rope around his neck. The man, in the opinion of the physician, had apparently died of heart failure from sheer fright before he succeeded in strangling himself.

Rail Guards Withdrawn.

CEDAR RAPIDS, Iowa, Aug. 12. Guards were withdrawn from the Northwestern railroad at Boone today after crews of 10 trains had refused to move them unless armed men were ordered out of the yards. A hurried conference of road officials was called after the ultimatum from the train crews and quick action was decided on.
